

CLARITY: From Implementation to Lasting Impact

At SimiTree, implementation is only the beginning. We partner with your organization through every stage of the journey — from initial assessment and deployment to long-term optimization and measurable results.

STEP 1: ASSESS & ALIGN

Every organization operates differently. CLARITY is configured to align with your workflows, operational structure, and business objectives — not the other way around.

- ✓ Revenue cycle workflow assessment
- ✓ Business rule configuration
- ✓ Role-based user setup and security
- ✓ Customized dashboards and KPI reporting
- ✓ Project planning and executive alignment

STEP 2: CONNECT & AUTOMATE

Next, we integrate CLARITY across your revenue cycle ecosystem to eliminate manual processes, consolidate data, and establish a single source of truth.

- ✓ Automated data ingestion and validation
- ✓ EMR and clearinghouse integration
- ✓ Revenue cycle workflow automation
- ✓ Billing automation deployment
- ✓ Daily performance visibility

STEP 3: TRAIN & EMPOWER

Technology drives results only when people use it effectively. We provide role-based education and support to ensure adoption across your organization.

- ✓ Executive and leadership training
- ✓ Manager and supervisor education
- ✓ End-user onboarding
- ✓ System administrator training
- ✓ Documentation and ongoing learning resources

STEP 4: MONITOR & OPTIMIZE

Following the launch, SimiTree remains actively engaged to help your organization maximize performance and continuously improve outcomes.

- ✓ Dedicated support resources
- ✓ Monthly performance reviews
- ✓ Workflow optimization recommendations
- ✓ Platform enhancements
- ✓ Automation monitoring and support

THE RESULT

As CLARITY becomes embedded in daily operations, organizations gain true visibility into their revenue cycle. Your success isn't measured at go-live. It's measured by what you achieve long after implementation — and we're committed to helping you get there.

- ✓ Real-Time Insight
- ✓ Smarter Workflows
- ✓ Accelerated Cash Flow
- ✓ Sustainable Accountability
